

## Foreword

Our community has been hit by disasters before and we will get hit again. The flooding and isolation of our community in 2010/2011 reminds us that we can be affected. We need a disaster plan. Something that guides us to prepare for disasters, respond to them when they happen, and recover from them afterwards. This plan has been developed to do that. It tells us what could happen and how bad it could be. It tells us what we have to do as a community to prepare beforehand. It tells us how we should respond during a disaster and it tells us what we need to do after a disaster.

Our disaster plan is an important document to everyone in the community. You should read through it so you know about these things and can help us become a disaster resilient community.

Ken Bone  
Mayor Cherbourg Aboriginal Shire Council
