

Blue cards help keep kids safe, BUT not everyone needs one.

✓ You **ALWAYS** need a blue card if you:

- are a foster or kinship carer
- work with a child who has a disability
- work at the school, child-care, safe house, PCYC or sport and recreation centre
- run health, counselling or support services for kids.

✗ You **DON'T** need a blue card to work:

- in aged care
- at community events or BBQs
- as a labourer or doing yard work (unless at a school, child-care or safe house)
- just because there are kids around.

? You **MIGHT** need a blue card if you:

- run kids' cultural services
- coach kids' sport
- do ranger programs with kids
- run kids' activities at a library or knowledge centre.

More information for when you *don't* need a blue card.

Not sure? Yarn with us.
